The Company

About Us

FaforLife is an indigenous Pan African Wellness Company with Headquarter in Lagos Nigeria.

Our dedication to innovative research in the field of Organic Science has led to the development of the first Liquid Stem Cell Dietary Supplements in Africa (ie: Faforon & Salud) which have recorded countless testimonials from patients and healthcare practitioners.

Our outstanding supply chain system rewards our Independent Distributors in Direct Selling to attain sustainable wealth with zero investment.

We distribute Stem Cell Dietary Supplements, Organic Toothpaste, Alkaline Table Water, Organic Coffee, Physiotherapy machines, and many other exciting products with high commission payout.

Our sustainable Compensation Plan is designed to lead in the African MLM space, lifting millions of independent distributors from poverty line to prosperity.

Success Story

FaforLife Enterprise was pre-launched on 5th December 2021 and was officially launched 6 months later on May 14th 2022.

Our growing numbers in just a little over one year speaks to the strength and future of our ecosystem.

As at July 2023, we had over 400 distribution outlets in Nigeria and a few other countries, with over 300,000+ active independent distributors and over one million consumers across Africa and beyond.

As at July 2023, One year and 7 months after the pre-launch, we have recorded a minimum of 10 Billion Naira paid out in commissions (equivalent to 15 Million USD) and over 100 cars given out to our highly esteemed independent distributors.

This was possible because of the enormity and the magnanimity of the FAFORLIFE Freedom Complan. In less than one year, FAFORLIFE has created a minimum of 10 thousand millionaires who have earned between 1 million to 250 Million Naira Individually.

Due to the effectiveness of our products, we have also recorded thousands of both audio, video and written testimonials of patients with terminal diseases who were revived using our amazing products.

This feat is unprecedented! With a strong, committed and visionary management team, the FAFORLIFE BRAND has come to stay and will remain a golden sprout from Nigeria to the rest of the world.

SECOND CAR AWARDEES TESTIMONIES

God allowed an affliction in my life around November 2021 & provided an amazing solution in Faforon. That affliction was a crazy body pain & enlarged prostate. Faforon was given to me then, thanks to V-Dollar (Amarachi Vivian) & my brother from another mother (Dr Frank Brave Udechukwu). The result I got propelled me into promoting Faforlife with a crazy passion that is paying off today. (TODAY SIRBOG IS ENLARGED PROSTRATE FREE, HALLELUJAH). My Journey to the highest rank (2 DIRECTORS in a record of 6 months) can never be completed without the MLM magnets who said yes to Faforlife. "I dey here, I go no where!"

Thank God I said yes to Faforlife and thanks to Sir Bognet for bringing this my way. This journey started in December 2021 after leaving product network for years. For me, Faforlife was an online program disguised in product network. The acceptance of Faforlife was so amazing to me. Almost everyone I introduced it to loved the business. My team made it possible for me to be the first Crown Ambassador and first Director in 4 months. This is a feat I am super grateful to God for. Sir bog thank you once more, my amiable & listening CEO and your team are the best.

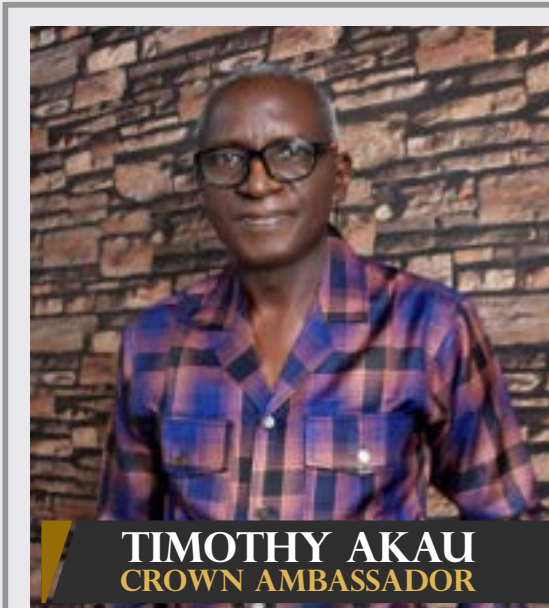

I registered in Faforlife just like any other person, with my wife's support, I achieved some ranks and earned all benefits. Today, I'm being celebrated as a Director achiever in Faforlife. I appreciate every member of my team for their zealous and hunger for success which at different levels we succeeded as a team. Also I appreciate the Company for their steadfastness, sincerity and for their selfless administration of Faforlife. With their work as a team, Faforlife will stand in many years to come. This is the only indigenous business with a face. Join us as we celebrate our One year Anniversary and be a part of this great opportunity. Faforlife, the life changer.

I joined Faforlife on December 2021 and after going through the compensation plan, I decided to settle in the company. One of the things that made me love the company is the fact that it's an indigenous company with good products that made people to testify to freedom from various killer ailments. Faforlife has touched various lives financially by putting smiles on people's faces. Currently, we've built teams in Benin Republic, Togo, Ghana, Cameroon, Kenya, Uganda, South Africa, United Kingdom, USA, just to mention a few. Faforlife is really going places already, raising more millionaires in a very shortwhile.

Many people are scared of network marketing because of some kind of myth and misunderstanding about this type of business. Before I joined Faforlife company, I was duped of many millions in the MLM world but with the help of Faforlife's great compensation plan, I was able to get back on my feet. A wise man would say "It is not about how deep you fall but how high you bounce back when you fall". With the support of my leader Madam Toyin, who always motivate me to make more effort and a great leader in Kaduna, Madam Sadat and many other lovely leaders. They made it easy to build my team. I also appreciate all my active downlines, who made it easy to market Faforlife's effective Liquid Stem Cell all over.

Faforlife is a God-sent Organization to compensate and settle me financially and health-wise. My life was nose-diving already when this company showed up! May the Lord bless the pioneer (Professor S. O. Fafure) and his team. May the Good Lord bless Prince Bognet who introduced me to this company, Amen. Today, I am enjoying a good level of financial freedom. You too can do same. Faforlife lives on!

CHRISTIANA IKEMEFUNA
AMBASSADOR

For decades, I have been trying to breakthrough my barriers to earn big through networking, always with meager results. But there is something about Farforlife MLM that works for me like nothing else. "Method of earning" for the first time, I'm genuinely excited about being a networker, my dream of joining this company (being among Car Awardees) was achieved within six months in the company. The structure and organization of the company is top notch. I'm happy to recommend Farforlife company and her range of products to as many that comes my way. Long liveFarforlife company.

DANIEL CHRISTIAN S.
AMBASSADOR

Faforlife opportunity came when I ventured into a network marketing business that failed after lots of hard work. As a result, I was reluctant to say yes to Faforlife when the opportunity came, but eventually, I agreed after much persuasion from one of my leaders. However, most of my downlines in the previous businesses refused to join me because of the previously failed one. But I did not allow it to deter me, as I went all out to Benue, Nasarawa, Anambra, Crossriver, Abia State, etc. with few leaders to organize seminars. With my hardwork and resilience, I have been able to earn in six figures on a weekly basis and I have attained Ambassador rank in just in seven months of joining this wonderful platform.

CROWN AMBASSADOR

I joined Faforlife December 2021 through my boss Prince Bognet. He gave me 1 bottle of Faforon one fateful day and I took it for 1week 3times a day, 30mls and my migraine headache of so many years disappeared. Since then, as a medical practitioner I started introducing it to my clients, my doctors and my fellow networkers. I worked for my money and I'm seeing my money, Faforlife has made me and all my leaders millions in few months. Getting to Ambassador is only by God's grace and hard work, and my prayer is to get to Crown Ambassador and Director rank before our Anniversary and I know I will make it because Faforon is selling like magic and working like magic.

AMBASSADOR

It all started in February 2022 and by the grace of God my life has never been the same since I said yes to this great company. Within this short period of time I have acquired two plots of land in different locations with my weekly earnings. Is that not wonderful? The building of one is on going with same weekly earnings from Faforlife but that will be story for another time when the building is set. I have also qualified for 3 sliver Ranks, 3 Gold Ranks, 3 Ruby Ranks, 3 Diamond Ranks and my first car, amounting to millions. I'm so proud to be a part of FAFORLIFE Family. There's no better place than being with FAFORLIFE.

AMBASSADOR

I made a decision to only stick to Product Networking, and never to push a Company that its product is not giving the needed results. Due to this decision, I didn't tell anyone about it till I got the product in January 2022. With two allies of mine, we gave out Faforon to people to test. We went as far as dashing people just to see results. By end of January, testimonies started rolling in. People who were just managing their health jumped back to life, the testimonies were amazing and I had full confidence that Faforlife is a big YES from God. By February, I started the business proper and I ranked with great speed such as I had never experienced before in MLM. In six months I qualified for the first car. This can only happen in Faforlife. Faforlife stood by their promises and the cash out was massive. I started earning in 6 figures. weekly.
